1) Preamble

The African Youth Commission (AYC) is an independent Pan-African youth network founded by youth leaders to foster synergy amongst youth and youth organisations on the continent and Diaspora. Officially inaugurated on January 2017 in Addis Ababa, Ethiopia, the network is determined and committed to provide a space and voice for youth and youth organisations to set and drive their own agenda, promote the involvement of young people as key partners in the implementation of the Africa 2063 Agenda as well the UN Agenda 2030 for sustainable development, support advocacy actions on the ratification and implementation of the African Youth Charter, other youth rights-based legal instruments and contribute to advancing the AU Shared Values through a network of locally based youth actors.

AYC, over the years, has truly been a platform for promoting youth voices, connecting youth, youth organisations and initiatives on the continent, sharing opportunities, information, exchange of ideas, experiences and best practices around youth employment creation and supporting youth innovation and entrepreneurship, and made a remarkable contribution in influencing policies to address challenges and needs of young people especially youth inclusion in civic leadership, participation in political spaces and decision making at all levels.

To sustain the momentum gained during this period, there is a need to join forces with all actors in youth development to communicate, coordinate efforts and mobilise resources for improving access to relevant and efficient delivery of quality education that corresponds to labor market needs and demands, enhance opportunities for voluntary service, training, capacity building, skills development and apprenticeship for youth, facilitate access to finance for young startup entrepreneurs, small scale businesses and youth groups, sensitise youth on employment opportunities available in African continent, promote entrepreneurship among youth through business skills training and support programmes, ensure healthy lives and promote wellbeing for all at all ages, increase youth participation in policy formulation and monitoring implementation thereof, enable youth organisations working on governance to become strong voices in policy making at all levels, empower young people with capacity to help them engage meaningfully in democratic processes at national level, promote meaningful youth participation and engagement in peace processes,

mobilise young people across the regions to participate in sustainable peace building and champion the AU Silencing the guns in Africa by 2020 campaign and promote a culture of peace among young people through capacity building on peace and security.

To this effect, the AYC through this Strategic Plan 2018 – 2020 is renewing its commitment in contributing to the attainment of harnessing the demographic dividend in particular and overall the Africa 2063 aspirations for the Africa we want.

2) Vision

AYC subscribed to the ideals and Pan African vision of African Union “**an integrated, prosperous and peaceful Africa, driven by its own citizens and representing a dynamic force in the global arena.**”

3) Mission/Slogan

To unite youth in action for the promotion of African unity and development.

4) Values

The core values of AYC are:

- **Integrity**
- **Transparency**
- **Pan Africanism**
- **Inclusivity**

5) Strategic Planning process

In line with the AYC General Assembly meeting resolutions of January 2017 which requested the Executive Council of AYC through its Secretariat to organise a strategic working session with key stakeholders to present the communiqué and action plan from the first ever African Youth Conference on African Unity and Development organised by the AYC in Addis Ababa, Ethiopia from 22-25 January 2017.

The Secretariat convened a Leadership Retreat hosted by Voluntary Services Overseas (VSO), Jitolee, Kenya held in Nairobi at Ngong Hills Hotel from July 28 to 30, 2017. The three-day retreat was supported by the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH. It brought together 37 participants mainly the leadership and Advisory Board of the AYC, key partners from 16 African countries and stakeholder youth groups based in Kenya.

An Expert Consultant was hired by GIZ to facilitate and guide the retreat. With the coming of a newly elected Executive Council and appointment of a Secretariat team, the Nairobi meeting provided a unique opportunity for leadership to interact and share the work of AYC, its vision and future aspirations with participating member organisations, youth groups and partners. The meeting decided to review the operational structure of AYC, answering whether AYC should remain as an organisation or become a network or a movement. Participants were divided into groups to critically study the AYC in terms of what it envisioned to achieve, available resources (human capacity and financial), what make AYC different from other existing structures and what services it will offer to African youth.

In breakout sessions, participants recommend that, the AYC become a network for promoting youth voices, sharing information and opportunity, organise and connect youth, youth organisations and initiatives in Africa and diaspora to communicate and coordinate efforts. The meeting discussed the core values of AYC, and internal and external assessment was also conducted to identify key strengths, weaknesses, opportunities and threats. Based on the SWOT analysis, it is deemed in the interest of the network to formulate a short term operational strategy to re-focus and align activities with the Commission's objectives.

After a lengthy discussion on a number of areas, the leadership agreed to develop a three-year Strategic Plan (2018-2020) focusing on four thematic pillars; Employment and Entrepreneurship, Health and Well-being, Governance and Human rights, Peace and Security. The pillars were highly voted as relevant and priority areas for African youth. With the guidance of Expert Consultant, the strategic objectives, expected actions and results for the proposed four thematic pillars were drafted.

At the end of Retreat, it was recommended for the Secretariat to organise a strategic planning meeting to build on the draft document. Following on the recommendation, the Secretariat convened a meeting in Kigali, Rwanda. Prior to the Kigali meeting, an Online Stakeholder Consultation was conducted by the Secretariat to give AYC membership and other stakeholders the opportunity to review, identify gaps in draft strategy and propose priority/additional areas in line with their work for consideration. The online consultation recorded 60 responses of which 36 are individual and 24 are organisation from 25 countries precisely the Federal Republic of Nigeria, Republic of Rwanda, Republic of The Gambia, Federal Republic of Somalia, Burkina Faso, Republic of Zimbabwe, Republic of Namibia, Kingdom of Lesotho, Democratic Republic of the Congo, Republic of Uganda, Tunisian Republic, Togolese Republic, Republic of Sudan, Republic of Ghana, Republic of Liberia, Republic of Sierra Leone, Republic of Burundi, Federal Democratic Republic of Ethiopia, Republic of Cameroon, Republic of Benin, Republic of Chad, Republic of Mauritius, Republic of South Africa, Republic of Kenya, Republic of Côte d'Ivoire

The Strategic planning meeting was supported by the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH and took place at the Great Season Hotel in Kigali, Rwanda from 6 to 9 November 2017. It brought together 20 participants mainly AYC Executive Council, Secretariat, Advisory Board and Members. A strategic development consultant was hired by GIZ to facilitate and guide the meeting. The Kigali meeting consolidated inputs/feedback received through the online stakeholder consultations, fine-tuned the strategic objectives, expected actions and results. The participants at the meeting agreed in addition to the four proposed thematic pillars and to better serve African youth, 'AYC Strengthening' be considered as it was highly voted for in the online consultation.

9) Implementation Methodology, Monitoring and Evaluation Mechanisms

The proposed implementation strategy is based on approaches of:

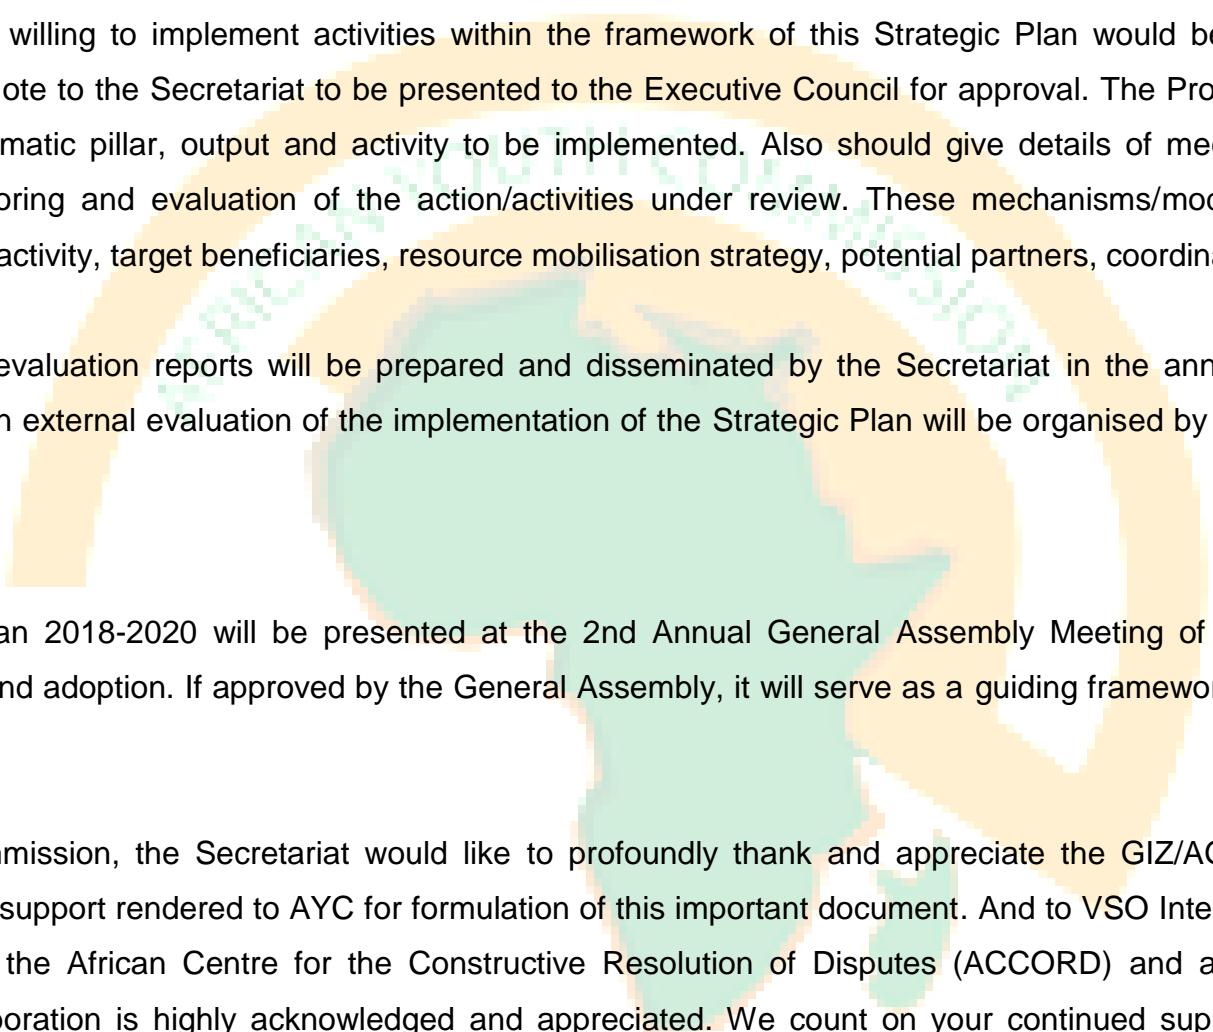

1. Member-driven
2. Partnership/Collaboration with youth organisations and other interested youth development actors
3. Facilitation/Coordination of various initiatives and efforts by the Secretariat
4. Calls for Proposal/Contribution/Participation

The AYC Secretariat under the coordination of the Executive Secretary and guidance of the Executive Council is responsible for ensuring that the Strategic Plan (2018-2020) is implemented throughout the Commission and member organisations.

For effective implementation, the Secretariat will draw an Annual Action Plan for each year (2018, 2019 and 2020), indicating the activity, necessary budget, timeline and identify responsible member organisation/partner for execution.

In addition to the Annual Action Plans, the Directorate for Strategic Planning, Policy, Monitoring and Evaluation in cooperation with other Directorates and Commissioners will take ownership of this Strategic Plan. The Director for Strategic Planning will develop a monthly Work Plan for priority actions to be implemented by various directorates and Commissioners.

The Work Plan will clearly state details of the activities as well as clarify roles as to who does what, how and when. The monthly work plan will form the basis of the AYC's annual monitoring and evaluation of performance, mid-term reviews and annual evaluations of the results of the Strategic Plan. The Executive Secretary and Director for Strategic Planning will compile a monthly and quarterly progressive report to be shared with membership and partners.

Member organisations willing to implement activities within the framework of this Strategic Plan would be required to submit a Proposal or Concept Note to the Secretariat to be presented to the Executive Council for approval. The Proposal or Concept Note should specify the thematic pillar, output and activity to be implemented. Also should give details of mechanisms/modalities of implementation, monitoring and evaluation of the action/activities under review. These mechanisms/modalities may consist of structure/format of the activity, target beneficiaries, resource mobilisation strategy, potential partners, coordination and reporting.

Annual progress and evaluation reports will be prepared and disseminated by the Secretariat in the annual General Assembly meeting of the AYC. An external evaluation of the implementation of the Strategic Plan will be organised by the Secretariat in early March of year 2020.

10) Conclusion

The draft Strategic Plan 2018-2020 will be presented at the 2nd Annual General Assembly Meeting of AYC in Victoria Falls, Zimbabwe for review and adoption. If approved by the General Assembly, it will serve as a guiding framework for AYC's operations over this period.

On behalf of the Commission, the Secretariat would like to profoundly thank and appreciate the GIZ/AGA programme for the financial and technical support rendered to AYC for formulation of this important document. And to VSO International Nairobi office, Youth Senate Kenya, the African Centre for the Constructive Resolution of Disputes (ACCORD) and all other partners, your contribution and collaboration is highly acknowledged and appreciated. We count on your continued support for the successful implementation of this Strategic Plan!
